

Copyrights

Protection for copyrights in works of authorship and artistic expression can be critical to the success of a company.

Our copyright services include:

- U.S. Federal copyright registrations
- Analysis of available international protection for copyrights
- Opinions on infringement and freedom-to-use
- Work-for-hire and employment rights agreements
- Copyright use and licensing agreements
- Publishing agreements
- Litigation in pursuing copyright infringers or in defending against claims of infringement
- Pursuit of copyright violations occurring on websites and “take-down” of the infringing materials on websites

We have assisted companies in protecting their copyrights in a wide variety of works, including:

- Software
- Electronic databases
- Mobile apps, computer games, websites, and user interfaces
- Print and online publications
- Technical materials, instructional materials, product sheets and drawings, illustrations, and architectural plans
- Ornamental three-dimensional product configurations
- Works of art, music, and sound recordings

As part of our proactive strategy in protecting clients' copyright interest, our attorneys can conduct an audit to ensure that your company's rights are properly protected and assist you in putting procedures in place to protect your company's rights in the future.
